Supporting Statement

The primary purpose of the project is to provide directions for visitors to the various parts of the Worthington UMC campus. Of the seven proposed signs, five are entirely directional ("Church Office," "Sanctuary," "Potter Chapel," etc.). The other two signs have the name of the church and the United Methodist logo.

The signs are designed to be understated, consistent with the Old Worthington surroundings, and easily readable. They all have a dark bronze/brown background with white lettering. The contrast is important for readability, especially for the visually impaired. The logo on the two church identification signs is red, white and black.

There are three types of signs included in the proposal:

- There are two wall signs mounted flush to a north-facing brick wall. These are dark bronze aluminum composite with white lettering.
- There are three small hanging signs made of 1-inch thick PVC covered with dark bronze vinyl. They would hang from black powder-coated brackets mounted to the building, perpendicular to parking-lot driving lanes.
- There are two aluminum post-and-panel style signs, constructed of 2-inch deep aluminum painted the same dark bronze color.
