Re: Application for HVACR Permit 2014-0130
Parcel # 100-003846
6759 Markwood Street

Dear Mr. Christian:

The above referenced HVAC Permit cannot be issued because the proposed location of the condenser appears to be in the required side yard setback. Enclosed is an application for a variance from the Board of Zoning Appeals. If the unit is not within the setback, please submit a revised site plan showing compliance with 1173.10 and 1149.01 and the permit shall be issued. Otherwise, when the variance is granted, the permit will be issued.

In compliance with the 2013 Residential Code of Ohio (RCO), enclosed is the Certificate of Plan Approval. I suggest a final inspection be scheduled to ensure the equipment was installed per the 2013 RCO, including any required carbon monoxide detectors, while awaiting the variance. These inspections are intended to safeguard the general public. Instructions for scheduling inspections are enclosed. In lieu of a permit number, please use the above application number.

Should you have any questions, feel free to contact me at 614-431-2424.

Sincerely,

Donald L. Phillips, Jr., P.E.
Chief Building Inspector
Division of Building Regulation
