Capital Improvements Program Overview

The five-year Capital Improvement Program (CIP) for 2017-2021 presents the City's plan for infrastructure development and improvements. The CIP is evaluated annually to ensure funding and to update the project and equipment needs and costs of the City.

The CIP identifies the City's intended capital expenditures. The City defines capital items as:

1. New construction projects and buildings valued in excess of \$5,000.
2. Major equipment and vehicles valued in excess of \$2,500 and with a life expectancy of five years or more. Where a number of non-expendable items were in excess of \$2,500, they are included.
3. All projects requiring borrowing.
4. All land purchases regardless of value.
5. All land improvements valued in excess of \$5,000.
6. Major equipment valued at \$2,500 or more required to furnish new buildings or other projects.
7. Major building improvements that are not routine expenses and that substantially enhance the value of the structure.
8. All projects which, while maintenance and/or repair in nature, prolong the life of public facilities.

The City utilizes the CIP Fund for funding most of the City's share of capital investments. The CIP Fund has four categories of expenditures:

1. Projects - Projects involve investments in capital infrastructure of the City such as streets, sewers, buildings and parks. In the 2017-2021 CIP, the annual amount allocated for projects in the CIP Fund ranges from \$1,782,500 to \$2,241,500.
2. Equipment – Most of the equipment investment that occurs in the CIP involves the replacement of existing City-owned equipment such as dump trucks, fire vehicles, recreation buses, police cars, administrative vehicles, backhoes and street sweepers. Occasionally, the CIP will include the purchase of new equipment that is being added to

the City's inventory. This is typically information technology equipment. In the 2017-2021 CIP, the annual amount allocated for equipment ranges from \$1,012,500 to \$1,724,200.

3. Debt payments – The City sometimes finances capital items through loans or the issuance of temporary notes or municipal bonds. The annual payments on the debt are paid out of the CIP funds. The annual debt payments in the 2017-2021 CIP range from \$951,373 to \$1,572,145.
4. Administration - There are various administrative costs associated with the projects and equipment purchases in the CIP. These costs are associated with collecting the revenue, insurance and legal services. These administrative costs range from \$460,000 to \$505,277 in the 2017-2021 CIP.

Worthington is a built-out community that primarily focuses on redevelopment. As a result, the City's capital investments are primarily focused on maintaining the existing infrastructure. The CIP includes a number of ongoing programs and individual projects that renovate and repair the City's streets, buildings, parks and other infrastructure.

The City's CIP is very financially constrained over this five year period. The City has five years remaining on the debt associated with the Community Center expansion and the renovations of the Police Building. In addition, the City is utilizing debt to fund a number of more expensive projects, most notably the mandated sewer projects associated with a Consent Order with the Ohio Environmental Protection Agency. The combination of these debt commitments is resulting in an increase in the amount of CIP resources dedicated to debt payments.

In response to the revenue impacts of the recession between 2008 and 2010, the City shifted revenue from the CIP to the General Fund to pay for ongoing operating expenses. As a result, the fund balance in the CIP was lowered and the City had to tighten the spending on capital items. A number of equipment purchases were delayed, resulting in equipment that is past its scheduled replacement. This results in the need for an increase in equipment purchases in 2016, 2017 and 2018 to "catch up" and reduce equipment maintenance and repair costs and ensure the City has reliable equipment that is available to provide services.

Additionally, the City has a number of buildings that need investment due to their age. The proposed CIP includes roof projects at the Louis J.R. Goorey Municipal Building, the Fire Station and the older portion of the Community Center, and repair or replacement of the windows and doors at the Municipal Building. Given the active public use of the Community Center, there are a number of maintenance projects in the 2017-2021 CIP for that building.

Capital Improvements Program Funding Sources

CIP Fund/Income Tax - The primary funding source for the City's CIP is income tax revenue. The City levies a 2.5% income tax. Twenty percent (20%) of the revenue collected from the income tax is allocated to the CIP and placed in the CIP Fund. Annual income tax revenue for the CIP Fund is projected to range from \$4,937,442 to \$5,423,426 for 2017-2021. In addition to income tax revenue, the CIP Fund also receives a small amount of property tax revenue and revenue from the Municipal Motor Vehicle License Tax (MMVLT). The MMVLT is a tax on vehicle license plates and is used to partially fund street resurfacing through the annual street and sidewalk improvement program. Additionally, grant funds may be shown as revenue in the CIP Fund if the City will expend its own funds and then be reimbursed from the grant.

Bonds – The City can issue municipal bonds to finance capital infrastructure and equipment. The 2017-2021 CIP anticipates the issuance of bonds to fund eight sanitary sewer projects, corridor enhancements along Wilson Bridge Road, work at the Huntley / Wilson Bridge / Worthington Galena intersection, HVAC improvements at the Community Center, roof replacements at two City buildings, and window and door replacements at the Louis J.R. Goorey Municipal Building.

Assessments – The City utilizes special assessments to charge property owners for work that benefits their property. The 2017-2021 CIP anticipates assessments for sidewalk repairs that occur in conjunction with the City's annual street and sidewalk improvement program, and assessments for sanitary sewer extensions to the Alrojo/Samada area.

License Tax – The County receives funds from a tax on license plates and makes them available for repairs to major arterial roads that are not designated as State routes. The City requests these funds for specific road projects. The 2017-2021 CIP utilizes these funds for resurfacing of Huntley Road, Schrock Road, the southern portion of High Street, East Wilson Bridge Road, and Proprietors Road.

State Funding – The City monitors various funding sources offered by the State of Ohio to identify opportunities for utilizing those funding sources on City projects. The 2017-2021 CIP does not include any State funding.

Other – At times, the City is successful in obtaining funding from other sources. The 2017-2021 CIP anticipates federal transportation funds allocated by the Mid-Ohio Regional Planning Commission (MORPC) for the Huntley / Wilson Bridge / Worthington Galena intersection.

The City's Parks & Recreation Revolving Fund receives the fee revenue collected from classes and programs. This fund supports the expenditures associated with the classes and programs.

Funds from the Parks & Recreation Revolving Fund are identified in the CIP for the conversion of the game room at the Community Center to an additional fitness programming area and the purchase of a spinning bike for the Community Center.

Additionally, the CIP indicates grant funds for the construction of bicycle and pedestrian accommodations along Huntley Road.

Capital Improvements Fund Revenue, Expenditures & Fund Balance

The CIP Fund is the primary funding source for the City’s financial share of the CIP. It receives the income tax revenue that is allocated for capital improvements along with a small amount of property tax revenue and revenue from the Municipal Motor Vehicle License Tax (MMVLT). The 2017-2021 CIP Fund has expenditures almost equal to revenue in the first three years, with revenue exceeding expenditures in the last two years of the CIP.

The expenditures in the CIP Fund can be broken out across the four categories of projects, equipment, debt service and administration. Project expenditures are fairly steady across the five years, with the more expensive projects scheduled for bonding to level out expenditures. Equipment expenditures are higher in the first two years and then decrease in the last three years. Actual equipment expenditures are anticipated to be higher in 2019 through 2021 than currently shown as it is difficult to predict the equipment needs that far in the future. City staff have enhanced the equipment inventory and made efforts to better predict and schedule replacements of more expensive vehicles and equipment. As a result, the last three years of the CIP include more equipment than historically was shown. The City’s debt service payments trend upward due to 12 projects in the 2017-2021 CIP that are scheduled to be bonded.

The fund balance is the amount of money left in the fund after the revenue has been received and the expenditures have been paid. The City’s goal is to maintain a projected CIP Fund balance at the end of each year approximately equal to the amount of projected expenditures for that year. Since the income tax revenues flow into the CIP Fund throughout the year, this practice ensures there is adequate cash in the fund to proceed with the projects and equipment purchases at any time during the year. By maintaining a level fund balance across the five years, the City’s capital expenditures in each year are approximately equal to the revenue collected in each year. The fund balance target is not met in the proposed CIP due to pressures for projects and equipment. However, revenue and expenditures are close to balancing, thus the fund balance remains fairly stable throughout the first three years of the CIP, with the fourth and fifth years showing additions to the fund balance.

Categories of Projects

The City has seven categories of projects to assist with determining the importance of each one.

Previous Project Commitments – This category includes projects that involve previous commitments by the City. The 2017-2021 CIP does not have any projects in this category.

Legal Mandates – This category includes projects the City is legally mandated to complete. The 2017-2021 CIP includes a number of sanitary sewer projects that are mandated by a Consent Order between the Ohio Environmental Protection Agency and the City.

Essential for Basic Services – This category includes projects that must be completed in order to continue to provide the level of basic services that has historically been provided by the City. The 2017-2021 projects in this category maintain existing infrastructure of the City such as streets, sidewalks and buildings.

Improvement to Basic Services – This category includes projects that enhance an existing service offered by the City. The 2017-2021 projects in this category primarily include renovations to parks and playgrounds as well as investments in the Old Worthington business area.

Enhancement / Discretionary – This category includes projects that provide something new that has not been historically provided by the City. The 2017-2021 projects in the category include enhancements to the Wilson Bridge Road corridor, wayfinding signage, conversion of the game room at the Community Center, bike and pedestrian improvements, pickleball courts, and a restroom facility at the Olentangy Parklands.

Assessment Projects – This category includes projects that involve special assessments on properties that benefit from the project. The assessment project included in the 2017-2021 CIP is for sanitary sewer extension in the Alrojo Street and Samada Street area.

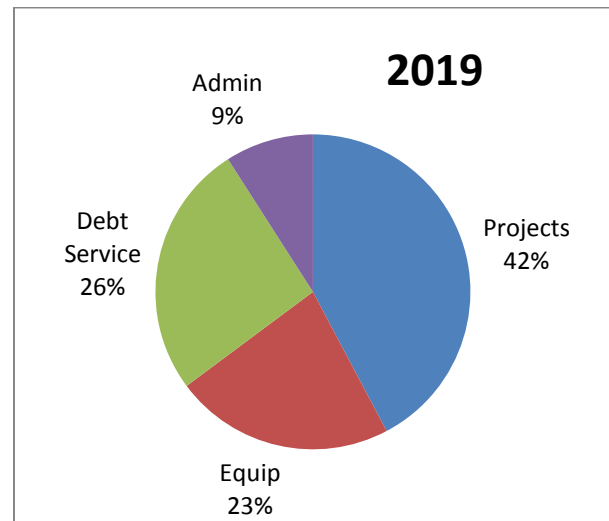

Need for Further Review – This category includes projects that need additional evaluation and consideration. The 2017-2021 CIP has no projects in this category.

Capital Improvements Program Comparisons

The City's allocation of expenditures from the CIP Fund across the four categories of projects, equipment, debt service and administration varies from year to year depending on identified

needs. The following charts show the percent of expenditures allocated to each area by year, including a comparison with 2016. The CIP Fund has a larger allocation for projects in 2017, 2018 and 2019 driven by the need to invest in the City’s buildings, fuel system and the parking lot at the community center. Equipment expenditures are higher in 2018 driven in large part by the need to invest in the technology that supports the Divisions of Police and Fire & EMS. Equipment expenditures are lower in 2019 through 2021. As those years near, equipment expenditures are anticipated to increase as more is known about equipment that will need to be replaced. Debt service as a percentage of expenditures increases across the five years due to the 12 projects planned for bonding during this timeframe.

CIP Fund Categories of Expenditures

The type of projects in each year across all funding sources is compared in the following charts. The projects are grouped into the categories of Previous Project Commitments (PPC), Legal Mandates (LM), Essential for Basic Services (EBS), Improvements to Basic Services (IBS), Enhancement / Discretionary (E), Assessment Projects (AP) and Need for Further Review (NFR). These categories are explained in the previous section. The 2017-2021 CIP does not have any projects in the categories of Previous Project Commitments or Need for Further Review.

Types of Projects

Existing and Anticipated Debt

The City's 2017-2021 CIP includes annual debt payments ranging from \$951,373 to \$1,572,145. This is a combination of payments on existing debt and payments on anticipated debt.

The City's existing debt obligation consists of the following breakdown:

2015 Refunding Bonds for the Police Division and Community Center Improvements

Interest: 1.62%

Original Issuance: \$4,590,000

Remaining Principal as of 1/1/2017: \$3,780,000

Principal Payment due in 2017: \$740,000

Interest Payment due in 2017: \$61,236

20 Year Loan from the Ohio Public Works Commission for ADA Ramps at Intersections

Interest: 0%

Original Issuance: \$156,201

Remaining Principal as of 1/1/2017: \$85,910.55

Annual Payments: \$7,810.06

30 Year Loan from the Ohio Public Works Commission for Kenyonbrook Sanitary Sewer Improvements

Interest: 0%

Original Issuance: \$612,816

Remaining Principal as of 1/1/2017: \$582,175.16

Annual Payments: \$20,428

Bond Anticipation Note for Fire Ladder Truck, Davis Estates Waterline and Community Center Window Replacement

Renewal Issued: 1/19/2016

Maturing: 1/18/2017

Current Issuance: \$1,560,000 at 1.40% interest

Interest Payment due in 2017: \$21,840

Principal Payment: \$100,000

The City has four current projects that are scheduled to be bonded:

Basins 6 & 8 Sanitary Sewer Repairs	\$150,000
Huntley/Wilson Bridge/Worthington Galena Design	\$600,000
Central District Sanitary Sewer Repairs	\$250,000

Central District Sanitary Sewer Improvements	\$300,000
--	-----------

The 2017-2021 CIP includes additional debt for the following projects:

Northbrook Relief Sewer Phase II	\$460,000
Central District Sanitary Sewer Rehab – Morning Street	\$215,000
Central District Sanitary Sewer Rehab – North St. & Hartford	\$62,000
Central District Sanitary Sewer Rehab – North St., Hartford – Morning	\$215,000
Central District Sanitary Sewer Rehab – North St., Morning to Ridgedale	\$392,000
Community Center HVAC Improvements	\$900,000
Community Center South End Roof Replacement	\$903,000
Huntley / Wilson Bridge / Worthington Galena Intersection	\$2,654,218
Wilson Bridge Road Corridor Enhancements (construction)	\$800,000
Kenyonbrook Trunk Sewer Improvement	\$1,180,000
Fire Station Roof Replacement	\$295,000
Municipal Building Windows & Doors	\$100,000
North Districts Sanitary Sewer Improvements	\$500,000
North Districts Sanitary Sewer Repairs & Lining	\$250,000

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Northbrook Relief Sewer Phase II (design update and construction)	S&E	LM		\$460,000				\$460,000
<i>Change: Moved from 2016</i>								
Replacement of the trunk sanitary sewer between High Street and Northbrook Subdivision. This project was recommended in the Southeast Sewer Shed Study / Master Plan, which was conducted in compliance to the Consent Order between the Ohio Environmental Protection Agency and the City of Worthington. Prior to bidding the project, the design will be reviewed and updated in consideration of the changes made to the Kenyonbrook Siphon Removal plans.								
Central District Sanitary Sewer Rehabilitation - (Morning Street Design & Construction)	S&E	LM		\$215,000				\$215,000
<i>Change: New</i>								
Replacement of 565 feet of sanitary sewer on Morning St. from Wilson Drive to the end of the street. Manholes 03-0158:03-0156 and 03-0156:03-0155. This section of sewer was identified in the Central District Sewer Study as in need of replacement.								
Central District Sanitary Sewer Rehabilitation - North & Hartford St Reconfiguration (Design & Construction)	S&E	LM		\$62,000				\$62,000
<i>Change: New</i>								
Sewer line reconfiguration at North Street & Hartford Street. Manholes were identified in the Central District Sanitary Sewer Study as in need of reconfiguration.								
Central District Sanitary Sewer Rehabilitation - North St Sewer Replacement (Hartford to Morning)	S&E	LM		\$215,000				\$215,000
<i>Change: New</i>								
Replacement of 530 feet of Sanitary sewer from Hartford Street to Morning Street on East North Street. Manholes 03-0153.1:03-0153 and 03-0154:03-0153.1. This section of sewer was identified in the Central District Sewer Study as in need of replacement.								
Central District Sanitary Sewer Rehabilitation - North St Sewer Replacement (Morning to Ridgedale)	S&E	LM		\$392,000				\$392,000
<i>Change: New</i>								
Replacement of 1,125 feet of sanitary sewer on East North Street from Morning Street to Ridgedale Drive. This section of sewer was identified in the Central District Sewer Study as in need of replacement.								
North Districts Sewer Study	S&E	LM	\$175,000					\$175,000
<i>Change: None</i>								
Sanitary Sewer Evaluation Study (SSES) of the north sanitary sewer districts as mandated by the Director's Findings and Orders issued to the City by the Ohio EPA.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Street & Sidewalk Improvement Program	S&E	EBS	\$875,000		\$25,000			\$900,000
<i>Change: None</i>								
This project consists of improvements to various streets throughout the City based on a prioritized analysis of the City's street system. Work typically includes curb & gutter repair, asphalt overlay, asphalt patching, and miscellaneous concrete repairs. The project includes the repair of sidewalks that do not meet standards for safety and condition. Repair costs for sidewalks adjacent to private property are paid by respective property owners. Overlay or sealing of parking lots is sometimes included based on need and budget. Street and sidewalk surveys, plan and specification preparation and project administration is proposed to be by the Department of Service & Engineering. MMVLT revenues in the amount of \$150,000 each year are transferred into the CIP Fund to help fund this project.								
Arterial Improvements (Huntley Road, Granville-Schrock)	S&E	EBS				\$425,000		\$425,000
<i>Change: None</i>								
Repair of curbs and gutters, storm inlets, street base, milling and overlaying pavement, and restriping.								
Building Improvement Program	S&E	EBS	\$75,000					\$75,000
<i>Change: Increased from \$50,000</i>								
This is an annual project consisting of improvements needed to maintain the City buildings in good condition. As an ongoing project, buildings are evaluated annually and repairs are prioritized based on available funding. The Community Center is not included due to its intense public use, larger scale and specialization of projects.								
Community Center HVAC Improvements	P&R	EBS		\$900,000				\$900,000
<i>Change: Moved from 2016</i>								
This project makes improvements to the Community Center HVAC system. A study has been completed to provide recommendations for improvements. The study identified several options; this project provides funding for the least expensive one.								
Community Center South End Roof Replacement	S&E	EBS		\$903,000				\$903,000
<i>Change: Moved from 2019 and Increased from \$890,000</i>								
Replacement of the rubber membrane roof above both gymnasiums and the sloped shingle roofing along the peaks on the south end of the community center. This project will also include green energy efficiency considerations during design such as solar panels. The roof is over 20 years old and is requiring annual investment to fight leaking and damage to the building.								
Community Center Natatorium Sprinkler Head Replacement	P&R	EBS	\$66,000					\$66,000
<i>Change: None</i>								
Replacement of the 112 existing stainless steel sprinkler heads in the natatorium area. Heads are in need of replacement and require the pool to be empty for many of them so there is risk of service interruption to do them individually.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Fire Apparatus Bay Exhaust & Heating System	S&E	EBS	\$126,000					\$126,000
<i>Change: None</i>								
This project provides a system for removing vehicle exhaust from the building and circulates air for ventilation. The current system is no longer functioning as it should and needs replacement. The project also provides a new heating system to replace the "tube" heaters that heat the apparatus bays.								
Service Facility Grit Pad	S&E	EBS	\$10,000					\$10,000
<i>Change: New</i>								
In house grit pad for street sweepings and vacuum debris to comply with Ohio EPA requirements.								
Sewer Repair near Kilbourne Building	S&E	EBS	\$7,500					\$7,500
<i>Change: New</i>								
Repair buried manhole that was concreted over with handicap ramp								
Fleet Garage Ventilation System	S&E	EBS	\$10,000					\$10,000
<i>Change: New</i>								
There currently is no functional ventilation system in the Fleet Garage. This project upgrades/modifies/repairs the existing system.								
Community Center Shutdown Improvements	P&R	EBS	\$22,500					\$22,500
<i>Change: New</i>								
Electrostatic painting of lockers in north locker rooms (\$5,000), replacement of restroom partitions throughout the center (\$11,000), and replacement of carpet squares in some high traffic areas (\$6,500).								
Fire Station Roof Replacement (Design)	S&E	EBS	\$35,400					\$35,400
<i>Change: Moved from 2016</i>								
Design of a replacement roof on the Fire Station, which has been evaluated and has reached the end of its useful life. Design funding is provided in this year with construction scheduled for 2018.								
Municipal Building Roof Replacement (Design)	S&E	EBS	\$17,500					\$17,500
<i>Change: Moved from 2016 and decreased from \$27,000</i>								
Design of a replacement Municipal Building Roof. Design funding is provided this year with construction scheduled for 2018.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Municipal Building Window and Door Replacements (Design)	S&E	EBS	\$15,000					\$15,000
<i>Change: New</i>								
The windows and exterior doors at this facility are in various states of decay and have been repaired periodically in order to help extend the life of the windows. The window and door systems are in need of replacement and/or repair in order to restore them to a maintainable condition. For budgetary purposes, construction assumes complete replacement of all windows and exterior doors (at main entrances)								
Old Worthington Street Light and Mast Arm Rehabilitation Project	S&E	EBS	\$85,000					\$85,000
<i>Change: Split across three years</i>								
Conversion of the Old Worthington street light system to LED and the painting of street light supports and decorative mast arm traffic signal supports in the City. This project will be phased over three years.								
Fuel Dispensing System and Tank Farm	S&E	EBS	\$20,000					\$20,000
<i>Change: Additional funds provided for evaluation</i>								
Replacement of the tank farm and fuel dispensing system at the Highland Avenue complex. The tank system is beyond its expected life and uses old analog dispensers. The tubs do not meet current code and the underground tanks are old. The funding in this year provides for consulting assistance to evaluate the various options for the longer term provision of fuel.								
Upper Rush Run Stream Restoration (Study)	S&E	EBS	\$25,000					\$25,000
<i>Change: None</i>								
This project provides funding for a study of the stream environment of Upper Rush Run from the Huntley Bowl to Lakeview Plaza. The study will evaluate environmentally sound techniques to remove silt and provide improved drainage								
Community Center Window Replacement (community and meeting rooms)	S&E	EBS	\$25,000					\$25,000
<i>Change: Moved from 2018</i>								
Replacement of the exterior windows in the Community and Meeting Rooms at the south end of the Community Center. The current windows are no longer air tight and are inefficient and in need of replacement.								
Urban Forestry Restoration	P&R	IBS	\$7,500					\$7,500
<i>Change: None</i>								
Annual program to replace trees around city facilities, parks, and/or in key city corridors. The Arbor Advisory Committee works with City arborists to determine each year's project site.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Huntley/Wilson Bridge/Worthington Galena (Utilities & ROW)	S&E	IBS		\$535,513			\$2,142,050	\$2,677,563
<i>Change: Moved from 2016 and increased from \$1,225,000 (City's share: \$445,000)</i>								
Improvement of the Huntley / Wilson Bridge / Worthington-Galena intersection and the connection of the intersection to Sancus Boulevard. The project provides funding for utility relocations and right of way acquisition as needed. Funding for the construction of the project has been awarded through the Mid-Ohio Regional Planning Commission Attributable Funding Program.								
Perry Park Field 3 Improvements	P&R	IBS	\$120,000					\$120,000
<i>Change: Increased from \$80,000</i>								
Year three of a three year process to improve ball diamonds at Perry Park. Funding will go toward improvements to Field 3: laser grading infield, drainage and irrigation improvements, and a new backstop and dugouts. Roofing for finished dugouts on Perry 1 and 2 will also be included.								
Perry Park Path Improvement	P&R	IBS	\$150,000					\$150,000
<i>Change: None</i>								
Repair and overlay of the trail system in Perry Park, which is showing its age.								
McCord Park Master Planning	P&R	IBS	\$20,000					\$20,000
<i>Change: New</i>								
Use of a consultant to lead a planning process for renovations at McCord Park. The Parks and Recreation Commission have identified the updating of McCord Park as a priority and due to the community usage and various amenities in the park, an in-depth planning process is recommended before improvements begin.								
Dog Park Parking Lot Addition	P&R	IBS	\$45,000					\$45,000
<i>Change: New</i>								
Addition of 21 parking spaces at the Godown Dog Park. WOOF donated \$25,000; Worthington and Columbus will split remaining costs.								
Olentangy Parklands Tennis Court Fencing Replacement	P&R	IBS	\$21,000					\$21,000
<i>Change: New</i>								
Replacement of the existing fencing at the Olentangy Parklands tennis courts. The current fencing is peeling paint, warped in many places, and at the end of its useful life.								
Irrigation Controller Replacements	P&R	IBS	\$21,000					\$21,000
<i>Change: New</i>								
In 2016, we replaced the controllers in the west side parks with new controllers and this funding would allow us to do the east side parks. The current controllers no longer communicate with our computer system so programming is not efficient in terms of man-power and economy of water usage.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2017								
Granby Street Storm Drainage	S&E	IBS	\$20,000					\$20,000
<i>Change: New</i>								
The project would improve drainage challenges at the northeast corner of the intersection of Orchard Drive and Granby Street, replacing existing structure 6 with a double curb and gutter inlet, and includes some regrading and pavement adjustment around the intersection. Adds an additional catch basin northeast of the intersection of Orchard and Granby and regrades portions of the gravel drive, driveway apron, and asphalt pavement to direct storm runoff to the new catch basin and curb inlet. The project falls within the public right of way. Engineering plans will be generated for the improvements in the area around the Orchard Drive and Granby Street intersection. These plans will include detailed design of the new storm sewer pipe, structures, grading, and pavement rework.								
CBD Paver Renovation	S&E	IBS	\$20,000					\$20,000
<i>Change: Revised from 3 years to 4 years, shifted to in-house work and reduced total project cost from \$150,000 to \$80,000</i>								
This is a phased project over four years to remove, level and reset sidewalk pavers from the Village Green Drive South to South Street								
Community Wayfinding Signage	S&E	E	\$50,000					\$50,000
<i>Change: None</i>								
Wayfinding uses local landmarks, signage, pathways and environmental elements to help orient residents and visitors to the City of Worthington. This phased program will allow for continued implementation of the recommendations from the wayfinding study.								
Bike & Pedestrian Improvements	P&R	E	\$100,000					\$100,000
<i>Change: None</i>								
The City has been evaluating the bicycle and pedestrian needs of the community. This annual allocation provides funding to implement recommendations of the plan. The 2017 amount has been allocated to the pedestrian hybrid beacons in Old Worthington.								
Wilson Bridge Corridor Enhancements (construction)	S&E	E		\$800,000				\$800,000
<i>Change: Moved from 2016</i>								
Development of enhancements to improve the Wilson Bridge corridor consistent with the recommendations of the Wilson Bridge Road Plan adopted by City Council in 2011. The project also includes consideration of wayfinding, bicycle and pedestrian mobility and traffic management improvements.								
Community Center Game Room Conversion	P&R	E					\$16,000	\$16,000
<i>Change: Moved from 2016</i>								
Purchase of equipment to allow for the transformation of the existing Community Center Game Room to an additional programming area. The transformation of this space will allow the room to be better and more consistently utilized to serve residents and members. This improvement can be funded from Community Center revolving funds as staff anticipate the return on investment of new programs, rentals, and member benefits to pay for the improvements.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total	
			CIP Fund	Bonds	Assessment	License Tax	State		Other
Year: 2017									
Alrojo/Samada Sanitary Sewers (design)	S&E	AP	\$63,750					\$63,750	
<i>Change: None</i>									
Design of public sanitary sewers to serve the unserved properties west of Olentangy River Road and south of Granville Road.									
2017 Total - Projects			\$2,228,150	\$4,482,513	\$25,000	\$425,000	\$0	\$2,158,050	\$9,318,713

Year: 2018								
Kenyonbrook Trunk Sewer Improvement (construction)	S&E	LM		\$1,038,400				\$1,038,400
<i>Change: Moved from 2017</i>								
Replacement of the Kenyonbrook Trunk Sewer from High Street to New England Avenue. This section of the trunk sewer was identified as in need of replacement as part of the Southeast Sewershed Study.								
Hardy Way Sanitary Sewer Relocation	S&E	LM	\$113,000					\$113,000
<i>Change: Moved from 2019 and increased from \$100,000 to include design costs</i>								
Replacement of the sanitary sewer serving the Hardy Way area. These sewers were evaluated in the Southeast Sewershed Study. The existing sewer is not located in a public easement and is recommended for replacement.								
Street & Sidewalk Improvement Program	S&E	EBS	\$875,000		\$25,000			\$900,000
<i>Change: None</i>								
This project consists of improvements to various streets throughout the City based on a prioritized analysis of the City's street system. Work typically includes curb & gutter repair, asphalt overlay, asphalt patching, and miscellaneous concrete repairs. The project includes the repair of sidewalks that do not meet standards for safety and condition. Repair costs for sidewalks adjacent to private property are paid by respective property owners. Overlay or sealing of parking lots is sometimes included based on need and budget. Street and sidewalk surveys, plan and specification preparation and project administration is proposed to be by the Department of Service & Engineering. MMVLT revenues in the amount of \$150,000 each year are transferred into the CIP Fund to help fund this project.								
Arterial Improvements (Huntley Road, Schrock to Wilson Bridge; Schrock Road, Worthington Galena Road to railroad tracks)	S&E	EBS				\$190,000		\$190,000
<i>Change: None</i>								
Repair of curbs and gutters, storm inlets, street base, milling and overlaying pavement, and restriping.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2018								
Building Improvement Program	S&E	EBS	\$75,000					\$75,000
<i>Change: Increased from \$50,000</i>								
Annual project consisting of improvements needed to maintain the City buildings in good condition. As an ongoing project, buildings are evaluated annually and repairs are prioritized based on available funding. The Community Center is not included due to its intense public use, larger scale and specialization of projects.								
Fire Station Roof Replacement	S&E	EBS		\$295,000				\$295,000
<i>Change: Moved from 2017</i>								
Replacement of the roof on the Worthington Fire Station, which has been evaluated and has reached the end of its useful life. Funding is provided in 2017 for design work with the construction scheduled for 2018.								
Municipal Building Roof Replacement	S&E	EBS	\$75,000					\$75,000
<i>Change: Moved from 2017 and reduced from \$225,000</i>								
Replacement of the Municipal Building Roof. Funding is provided in 2017 for design with construction scheduled for 2018.								
Municipal Building Window and Door Replacements (Construction)	S&E	EBS		\$100,000				\$100,000
<i>Change: New</i>								
The windows and exterior doors at this facility are in various states of decay and have been repaired periodically in order to help extend the life of the windows. The window and door systems are in need of replacement and/or repair in order to restore them to a maintainable condition. For budgetary purposes, construction assumes complete replacement of all windows and exterior doors (at main entrances)								
Old Worthington Street Light and Mast Arm Rehabilitation Project	S&E	EBS	\$85,000					\$85,000
<i>Change: Split across three years</i>								
Conversion of the Old Worthington street light system to LED and the painting of street lights supports and decorative mast arm traffic signal supports in the City. This project will be phased over three years.								
Fuel Dispensing System and Tank Farm	S&E	EBS	\$175,000					\$175,000
<i>Change: Split across two years</i>								
Replacement of the tank farm and fuel dispensing system at the Highland Avenue complex. The tank system is beyond its expected life and uses old analog dispensers. The tubs do not meet current code and the underground tanks are old. The project will include evaluation of alternative fuel capabilities and joint user options with partner agencies.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2018								
Fleet Garage Floor Drain System and Lift	S&E	EBS	\$100,000					\$100,000
<i>Change: New</i> Our HD Truck Lift is very unreliable and is becoming a safety concern. There is no sump pump in the lift and there will need to be drainage added to remove the current water retention problem.								
Community Center Parking Lot Reconstruction	S&E	EBS	\$175,000					\$175,000
<i>Change: Split across two years</i> Reconstruct the parking lot for the Community Center								
Traffic Signal Improvement Program	S&E	EBS	\$50,000					\$50,000
<i>Change: None</i> Bi-annual project for the replacement and updating of traffic signal equipment at various signalized intersections in the City. Improvements are prioritized by repair history, equipment obsolescence and service life.								
Urban Forestry Restoration	P&R	IBS	\$7,500					\$7,500
<i>Change: None</i> Annual program to replace trees around city facilities, parks, and/or in key city corridors. The Arbor Advisory Committee works with City arborists to determine each year's project site.								
CBD Paver Renovation	S&E	IBS	\$20,000					\$20,000
<i>Change: Revised from 3 years to 4 years, shifted to in-house work and reduced total project cost from \$150,000 to \$80,000</i> This is a phased project over four years to remove, level and reset sidewalk pavers from the Village Green Drive South to South Street								
CBD Holiday Decoration Replacement	S&E	IBS	\$45,000					\$45,000
<i>Change: None</i> Replace the holiday decorations for the Central Business District (Old Worthington) corridor								
Community Center Water Slide Refurbishing	P&R	IBS	\$4,000					\$4,000
<i>Change: Moved from 2017 and reduced from \$9,500</i> Resurfacing of the large water slide in the Community Center to bring back the original shine and look.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total	
			CIP Fund	Bonds	Assessment	License Tax	State		Other
Year: 2018									
Community Wayfinding Signage	S&E	E	\$50,000					\$50,000	
<i>Change: None</i>									
Wayfinding uses local landmarks, signage, pathways and environmental elements to help orient residents and visitors to the City of Worthington. This phased program will allow for continued implementation of the recommendations from the wayfinding study.									
Bike & Pedestrian Improvements	P&R	E	\$100,000					\$100,000	
<i>Change: None</i>									
The City has been evaluating the bicycle and pedestrian needs of the community. This new annual allocation provides funding to implement recommendations of the plan.									
2018 Total - Projects			\$1,949,500	\$1,433,400	\$25,000	\$190,000	\$0	\$0	\$3,597,900

Year: 2019								
Oxford Court/Southwest Addition Sanitary Improvement (Design)	S&E	LM	\$50,000					\$50,000
<i>Change: Design costs added</i>								
Replacement of the sanitary sewers serving the Oxford Court area. These sewers are being evaluated in the Central District Study. Some sewers are not located in public easements and are expected to be recommended for replacement.								
North Districts Sanitary Sewer Improvements	S&E	LM		\$500,000				\$500,000
<i>Change: Moved from 2018</i>								
Repair, rehabilitation and/or replacement of sanitary sewer infrastructure in the North Sanitary Sewer districts as identified in the North Districts Study.								
Street & Sidewalk Improvement Program	S&E	EBS	\$875,000		\$25,000			\$900,000
<i>Change: None</i>								
This project consists of improvements to various streets throughout the City based on a prioritized analysis of the City's street system. Work typically includes curb & gutter repair, asphalt overlay, asphalt patching, and miscellaneous concrete repairs. The project includes the repair of sidewalks that do not meet standards for safety and condition. Repair costs for sidewalks adjacent to private property are paid by respective property owners. Overlay or sealing of parking lots is sometimes included based on need and budget. Street and sidewalk surveys, plan and specification preparation and project administration is proposed to be by the Department of Service & Engineering. MMVLT revenues in the amount of \$150,000 each year are transferred into the CIP Fund to help fund this project.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2019								
Arterial Improvements (High Street, South Corp. to South Street)	S&E	EBS	\$48,000			\$192,000		\$240,000
<i>Change: None</i>								
Repair of curbs and gutters, storm inlets, street base, milling and overlaying pavement, and restriping.								
Building Improvement Program	S&E	EBS	\$75,000					\$75,000
<i>Change: Increased from \$50,000</i>								
Annual project consisting of improvements needed to maintain the City buildings in good condition. As an ongoing project, buildings are evaluated annually and repairs are prioritized based on available funding. The Community Center is not included due to its intense public use, larger scale and specialization of projects.								
Old Worthington Street Light and Mast Arm Rehabilitation Project	S&E	EBS	\$85,000					\$85,000
<i>Change: Split across three years</i>								
Conversion of the Old Worthington street light system to LED and the painting of street lights supports and decorative mast arm traffic signal supports in the City. This project will be phased over three years.								
Fuel Dispensing System and Tank Farm	S&E	EBS	\$175,000					\$175,000
<i>Change: Split across two years</i>								
Replacement of the tank farm and fuel dispensing system at the Highland Avenue complex. The tank system is beyond its expected life and uses old analog dispensers. The tubs do not meet current code and the underground tanks are old. The project will include evaluation of alternative fuel capabilities and joint user options with partner agencies.								
Upper Rush Run Stream Restoration	S&E	EBS	\$250,000					\$250,000
<i>Change: None</i>								
Implementation of the study recommendations regarding the restoration of the stream environment of Upper Rush Run from the Huntley Bowl to Lakeview Plaza. Work to include environmentally sound techniques to remove silt and provide improved drainage								
Community Center Parking Lot Reconstruction	S&E	EBS	\$175,000					\$175,000
<i>Change: Split across two years</i>								
Reconstruct the parking lot for the Community Center								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total
			CIP Fund	Bonds	Assessment	License Tax	State	
Year: 2019								
Fleet Garage Lighting Upgrade	S&E	EBS	\$20,000					\$20,000
<i>Change: New</i>								
Replace all overhead lighting fixtures in Garage and Parts Room areas to reduce costs and improve safety								
Community Center Fitness Floor Painting	P&R	EBS	\$14,000					\$14,000
<i>Change: Moved from 2018</i>								
Repainting of the fitness floor area of the Community Center. The area is typically painted every five years on average.								
Community Center Locker Room Painting	P&R	EBS	\$9,500					\$9,500
<i>Change: None</i>								
Painting of the men's and women's locker rooms on both the north and south end of the Community Center during the annual building shutdown.								
Urban Forestry Restoration	P&R	IBS	\$7,500					\$7,500
<i>Change: None</i>								
Annual program to replace trees around city facilities, parks, and/or in key city corridors. The Arbor Advisory Committee works with City arborists to determine each year's project site.								
Huntley/Wilson Bridge/Worthington Galena (Construction)	S&E	IBS		\$2,118,705			\$8,474,821	\$10,593,526
<i>Change: Moved from 2018 and increased from \$7,200,000 (City's share: \$1,446,278)</i>								
Improvement of the Huntley / Wilson Bridge / Worthington-Galena intersection and the connection of the intersection to Sancus Boulevard. This is the construction phase of the project, funded in large party by Federal Attributable Funds.								
CBD Paver Renovation	S&E	IBS	\$20,000					\$20,000
<i>Change: Revised from 3 years to 4 years, shifted to in-house work and reduced total project cost from \$150,000 to \$80,000</i>								
This is a phased project over four years to remove, level and reset sidewalk pavers from the Village Green Drive South to South Street								
Community Center North Locker Room Shower Stall Alterations	P&R	IBS	\$16,500					\$16,500
<i>Change: Continuation of 2016 project</i>								
This project allows for the insulation of the water lines supplying water to the shower valves and heads and replacement of the shower tiles, backer board, and shower valves and hardware as needed.								

2017-2021 Proposed Capital Improvement Program - Projects

Project	Dept.	Category	Funding					Total	
			CIP Fund	Bonds	Assessment	License Tax	State		Other
Year: 2019									
McCord Park Playground Replacement	P&R	IBS	\$200,000					\$200,000	
<i>Change: Moved from 2016</i>									
Replacement of the McCord Park Playground. The playground is over 20 years old and in need of replacement. These funds replace the existing playground, safety surfacing, and any curb/sidewalk work around the playground areas.									
Community Center Pool Underwater Lighting Replacement with LEDs	P&R	IBS	\$21,000					\$21,000	
<i>Change: Moved from 2017 and increased from \$7,500</i>									
Retrofit the existing pool lighting with underwater LEDs. The LED lights are anticipated to pay for themselves over the life expectancy (8-10 years) of the bulb.									
Security System Improvements	S&E	IBS	\$50,000					\$50,000	
<i>Change: Delayed by one year</i>									
Bi-annual allocation to implement recommendations from the 2013 Building Security Assessment. Items include key card access for City buildings and camera systems for buildings that do not currently have them.									
Community Wayfinding Signage	S&E	E	\$50,000					\$50,000	
<i>Change: None</i>									
Wayfinding uses local landmarks, signage, pathways and environmental elements to help orient residents and visitors to the City of Worthington. This phased program will allow for continued implementation of the recommendations from the wayfinding study.									
Bike & Pedestrian Improvements	P&R	E	\$100,000					\$100,000	
<i>Change: None</i>									
The City has been evaluating the bicycle and pedestrian needs of the community. This annual allocation provides funding to implement recommendations of the plan.									
Alrojo/Samada Sanitary Sewers (construction)	S&E	AP			\$361,000			\$361,000	
<i>Change: None</i>									
Construction of public sanitary sewers funded by assessment to serve the unserved properties west of Olentangy River Road and south of Granville Road.									
2019 Total - Projects			\$2,241,500	\$2,618,705	\$386,000	\$192,000	\$0	\$8,474,821	\$13,913,026

Huntley Road Bicycle & Pedestrian Accommodations <i>Change: Revised scope, increased cost (from \$300,000) based on NE Gateway Project and moved from 2020</i>	S&E	E					\$1,060,180	\$1,060,180	
Construction of sidewalks and bike lanes from the southern terminus of the project at the intersection of Huntley, Worthington Galena and Wilson Bridge Roads to Schrock Road. Anticipate pursuit of a grant to fund this project.									
2021 Total - Projects			\$1,782,500	\$0	\$25,000	\$255,000	\$0	\$1,060,180	\$3,122,680

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2017								
Computer Replacement Program	A/IT	\$85,000						\$85,000
<i>Change: None</i>								
This is an annual program that provides for replacement of computers throughout the City. The oldest or most problematic computers are replaced each year. Most of the computers are on a four-year replacement schedule, although certain intensive use computers are replaced more frequently.								
Municipal Building Furniture	A/IT	\$25,000						\$25,000
<i>Change: Increased from \$15,000</i>								
New chairs and tables will be purchased for the training room in the Louis J.R. Goorey Municipal Building to replace the existing tables and chairs which are deteriorating due to age and use. Project also involves the replacement of the conference room furniture in the City's Manager's office. The furniture is twenty years old and is showing its age.								
Timekeeping Software/Hardware	A/IT	\$25,000						\$25,000
<i>Change: New</i>								
Implementation of new timekeeping system at the Griswold and Community Center, including four (4) timeclocks, setup fees, and support services. This funding also covers the cost for the current payroll software vendor the make the programming changes necessary to accept electronic timekeeping data. Replaces current process utilizing hundreds of spreadsheets and manual data entry of timekeeping data.								
Firefighter Protective Equipment	FD	\$40,000						\$40,000
<i>Change: Reduced from \$50,000</i>								
This purchase is to replace the turnout gear for 1/3 of the department. This equipment is on a four year replacement cycle.								
Small Equipment	FD	\$15,000						\$15,000
<i>Change: None</i>								
Each one of the fire vehicles carry a number of power tools, generators, saws, hydraulic pumps, etc. This project provides for replacement of this equipment as necessary.								
Small Equipment Replacement	P&R	\$15,000						\$15,000
<i>Change: None</i>								
Annual replacement of small equipment in the Parks and Recreation Department. Includes non-fleet equipment typically between \$500 and \$5,000 in value.								

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2017								
Community Center Fitness Equipment	P&R	\$82,000						\$82,000
<i>Change: Decreased from \$90,000</i>								
Replacement of a portion of the fitness equipment on the fitness floor at the Community Center. All of the equipment is typically replaced every five years, spread over three years, with the exception of our free weights which typically have a lifespan of 10 years.								
Leisure Pool Play Structure	P&R	\$100,500						\$100,500
<i>Change: Increased from \$95,000</i>								
Replacement of the clam slide (small blue slide) and bucket toy feature in the Community Center Leisure Pool. Both items are at the end of their useful life and need replaced.								
Griswold Fitness Equipment	P&R	\$17,000						\$17,000
<i>Change: None</i>								
Replacement of the fitness equipment at the Griswold Center. This fitness equipment is typically replaced every five years.								
Turf Mowers with Trailer (#0255 & #0263)	P&R	\$19,000						\$19,000
<i>Change: Increase number of mowers to 2</i>								
Replacement of two 72 inch Z Turn mowers and a trailer. Most of the City's mowers are utilized at least 30 hours per week from mid-April until early October necessitating a regular replacement program. The trailer is used to haul the mowers for the crew from site to site. We replace two of four mowers each year for a two year replacement cycle. With higher trade-in values and low initial purchase cost from State Contract pricing we find that the units have less Out Of Service time and less maintenance costs if replaced on a more frequent basis.								
3/4 Ton Pickup (#0240)	P&R	\$41,000						\$41,000
<i>Change: Moved from 2018 and Increased from \$40,000</i>								
This unit has 79,635 miles and substantial rust and accident damages. Avoid cost by replacing sooner.								
Transit Bus (#0211)	P&R	\$80,000						\$80,000
<i>Change: New</i>								
This is a 2003 Transit bus utilized to haul Seniors and Campers to activities and events. 94,599 miles								

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding							Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	Other	
Year: 2017									
Toro Workman - Ball Diamond Machine	P&R	\$15,000							\$15,000
<i>Change: New</i> The Cushman Ball Diamond unit blew an engine in the spring and we are currently down one unit for prepping ball diamonds in the parks.									
Community Center Fitness Sound Equipment	P&R	\$16,000							\$16,000
<i>Change: New</i> Replacement of the sound systems and speakers in the Fitness Studio and North Gym at the Community Center. The system has reached the end of its useful life and is impacting our ability to provide quality instruction for our larger fitness classes. This is the replacement of the original system dating back to 2003.									
Community Center Spinning Bike	P&R							\$21,000	\$21,000
<i>Change: New</i> Replacement of 14 Spinning Bikes at the Community Center. Our current bikes are at the end of their useful life. These bikes are used to generate program revenue and can be purchased from our revolving fund.									
Griswold Auto Scrubber	P&R	\$8,000							\$8,000
<i>Change: New</i> Auto scrubber to help maintain the new flooring at the Griswold Center. Staff currently load and unload the auto scrubber from the Community Center adding wear and tear and eventually shortening the life of it not to mention the time and effort of hauling it back and forth.									
3/4 Ton Pickup (#0250)	P&R	\$41,000							\$41,000
<i>Change: Increased from \$40,000 and moved up from 2018</i> Replacement of the 3/4 ton pick-up 250-07R.									
Scanner/Plotter/Printer	P&B	\$10,000							\$10,000
<i>Change: New</i> This piece of equipment will enable the Department of Planning & Building to scan, copy and print large format documents. The Department currently utilizes a very old plotter in Service & Engineering. This new piece of equipment will enable the City to continue to work with the large format documents when the old one stops working. In the meantime, it allows for Planning & Building to have access to the equipment without the need to go to Service & Engineering.									

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2017								
Work Management Software	P&B	\$75,000						\$75,000
<i>Change: New</i>								
The software would track and organize service requests, work orders, inspections, projects, citizen concerns and all types of work activities. Map layers can be created to display information such as all open requests, pavement condition, all repaired potholes for a given time period, etc. Reports of all types can be generated using various search parameters or set up as customized templates. Allows staff at all levels—field workers, call takers, and administration—to get the information they need to perform their jobs efficiently and make wise use of the resources to manage assets and provide services. Also provides land-focused asset management capabilities for permitting, licensing, service requests and code enforcement tracking.								
Police Cruisers (#0323, #0325 & #0327)	PD	\$125,000						\$125,000
<i>Change: None</i>								
A portion of the police cruisers are replaced each year to ensure the reliability of these high use vehicles. Three cruisers are scheduled for replacement.								
Mobile Data Terminals - Police	PD	\$21,000						\$21,000
<i>Change: None</i>								
When the police cruisers are replaced, the mobile data terminals (computers) in the vehicles are also replaced. These mobile data terminals are important as they provide connection to critical information for officers when they are in the field.								
Police Initial Issue	PD	\$19,500						\$19,500
<i>Change: New</i>								
Anticipate hiring three additional officers in 2017 and this will cover all initial issue equipment.								
Small Equipment Replacement	S&E	\$15,000						\$15,000
<i>Change: None</i>								
Funding for small equipment replacement as necessary. Typical equipment includes chain saws, weed wackers and other power tools.								
Sign Shop Large Format Laser Printer	S&E	\$23,000						\$23,000
<i>Change: Reduced from \$30,000</i>								
This will allow us to make professional signs for City functions and upgrade the City's old technology in this area.								

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2017								
Service and Engineering Management and Operation System <i>Change: None</i> Consulting services to evaluate software for implementing a computerized management and operation system for the Service and Engineering Department	S&E	\$50,000						\$50,000
1/2 Ton Pickup (#0430) <i>Change: None</i> Replacement of a 1/2 ton pickup truck used by the Service staff. The vehicle has 101,000 miles plus a lot of idling time.	S&E	\$31,000						\$31,000
Leaf Vacuum (#0467) <i>Change: None</i> Replacement of a 1998 unit. It is requiring frequent maintenance and is used heavily in leaf season	S&E	\$60,000						\$60,000
Bucket Truck (#0436) <i>Change: Reduced from \$165,000</i> Replacement of a 2001 unit used for traffic lights, tree work, street lights and sign placement. The current truck has experienced extensive downtime due to repairs.	S&E	\$115,000						\$115,000
2 1/2 Ton Dump Truck w/ Plow & Spreader (#0437) <i>Change: Increased from \$165,000</i> Replacement of 2005 unit used for salt application, snow removal and leaf removal. It has extensive rust and corrosion.	S&E	\$166,000						\$166,000
Pickup Truck (#0412) <i>Change: Reduced from \$31,000</i> Replacement of a 2001 Pickup truck with Transit Connect with head screen and shelving	S&E	\$26,000						\$26,000
Forklift (#0492) <i>Change: New</i> Replacement of a 1992 CAT forklift that is used daily by multiple departments. Current unit is undersized and would be replaced with a used model.	S&E	\$25,000						\$25,000

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding							Total	
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	Other		
Year: 2017										
Arrow Board (#0496)	S&E	\$20,000								\$20,000
<i>Change: New</i>										
Replacement of a 1990 arrow board with an upgraded LED model that would help with announcements and road concerns.										
Street Sweeper (#460)	S&E	\$46,000								\$46,000
<i>Change: Changed to five year lease</i>										
Replacement of 2005 Unit #0460 used for street cleaning. The sweeper is in the shop frequently for major repairs and is the only one we have. This item will be acquired through a five-year lease.										
2017 Total - Equipment		\$1,452,000	\$0	\$0	\$0	\$0	\$0	\$0	\$21,000	\$1,473,000

Year: 2018										
Computer Replacement Program	A/IT	\$85,000								\$85,000
<i>Change: None</i>										
This is an annual program that provides for replacement of computers throughout the City. The oldest or most problematic computers are replaced each year. Most of the computers are on a four-year replacement schedule, although certain intensive use computers are replaced more frequently.										
Public Safety Hardware, Servers and Upgrades	A/IT	\$325,000								\$325,000
<i>Change: Increased from \$200,000</i>										
Hardware servers and software merger for VisionAir/TriTech systems										
Radios	A/IT	\$100,000								\$100,000
<i>Change: None</i>										
The City's radios which are used in police, fire, service and parks maintenance are nearing the end of their supported life. Beginning in 2018, parts will no longer be manufactured for certain radio models in use by the City. This project provides funding to replace radios as needed due to the lack of available parts.										
Timekeeping Hardware/Software	A/IT	\$15,000								\$15,000
<i>Change: New</i>										
Continuing implementation of new timekeeping software. The 2018 funding request is for timeclocks at the Parks Maintenance and Service locations.										

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2018								
Firefighter Protective Equipment	FD	\$40,000						\$40,000
<p><i>Change: Reduced from \$50,000</i></p> <p>This purchase is to replace the turnout gear for 1/3 of the department. This equipment is on a four year replacement cycle.</p>								
Self Contained Breathing Apparatus	FD	\$250,000						\$250,000
<p><i>Change: Local match for grant added</i></p> <p>Replacement of the breathing apparatus the firefighters use to protect themselves from smoke and other harmful chemicals. The SCBA equipment will be 10 years old and at the end of its useful life. Staff will pursue a grant to fund this equipment.</p>								
Small Equipment Replacement	P&R	\$15,000						\$15,000
<p><i>Change: None</i></p> <p>Annual replacement of small equipment in the Parks & Recreation Department. Includes non-fleet equipment typically between \$500 and \$5,000.</p>								
Community Center Fitness Equipment	P&R	\$70,000						\$70,000
<p><i>Change: Decreased from \$90,000</i></p> <p>Replacement of select fitness equipment on the fitness floor at the Community Center. All of the equipment is typically replaced every five years, spread over three years, with the exception of our free weights which typically have a lifespan of 10 years.</p>								
Community Center Copier	P&R	\$24,000						\$24,000
<p><i>Change: None</i></p> <p>Replacement of the copier at the Community Center. Typical lifespan is five years.</p>								
Turf Mowers (#0251 & #0253)	P&R	\$19,000						\$19,000
<p><i>Change: Increase number of mowers to 2</i></p> <p>Replacement of two 72 inch Z Turn mowers and a trailer. Most of the City's mowers are utilized at least 30 hours per week from mid-April until early October necessitating a regular replacement program. The trailer is used to haul the mowers for the crew from site to site. We replace two of four mowers each year for a two year replacement cycle. <i>Change: New</i> Replacement of a 2008 Leaf Vacuum Used very heavily in leaf season										
1 Ton Dump w/plow & spreader (#0433)	S&E	\$85,000								\$85,000
<i>Change: New</i> Replacement of a 2012 F550 utilized daily for Service maintenance work, leaf collection and snow removal.										
Wood Chipper (#0464)	S&E	\$40,000								\$40,000
<i>Change: New</i> Replacement of a 2006 Carlton Wood chipper. Used regularly by Arborists, Parks and Service departments.										

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding							Total	
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	Other		
Year: 2020										
Air Compressor (#0478)	S&E	\$25,000								\$25,000
<i>Change: New</i>										
Replacement of a 1996 Atlas Copco towable air compressor										
2020 Total - Equipment		\$1,012,500	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$1,012,500
Year: 2021										
Computer Replacement Program	A/IT	\$85,000								\$85,000
<i>Change: Continuation of annual program</i>										
This is an annual program that provides for replacement of computers throughout the City. The oldest or most problematic computers are replaced each year. Most of the computers are on a four-year replacement schedule, although certain intensive use computers are replaced more frequently.										
Radios	A/IT	\$100,000								\$100,000
<i>Change: Additional two years</i>										
The City's radios which are used in police, fire, service and parks maintenance are nearing the end of their supported life. Beginning in 2018, parts will no longer be manufactured for certain radio models in use by the City. This project provides funding to replace radios as needed due to the lack of available parts.										
Timekeeping Hardware/Software	A/IT	\$15,000								\$15,000
<i>Change: New</i>										
Continuing implementation of new timekeeping software.										
Small Equipment Replacement	FD	\$5,000								\$5,000
<i>Change: Continuation of annual program</i>										
Replace various small equipment										
Medic Vehicle (M101/#0513)	FD	\$350,000								\$350,000
<i>Change: New</i>										
Replacement of a 2013 F550 Medic and Body (M101/#0513)										

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding						Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	
Year: 2021								
SUV (#0521/ C101)	FD	\$45,000						\$45,000
<i>Change: New</i> Replacement of Chief 101 2008 Chevrolet Tahoe and Up-Fit.								
Small Equipment Replacement	P&R	\$15,000						\$15,000
<i>Change: Continuation of annual program</i> Annual replacement of small equipment in the Parks & Recreation Department. Includes non-fleet equipment typically between \$500 and \$5,000.								
Community Center Fitness Equipment	P&R	\$100,000						\$100,000
<i>Change: New</i> Replacement of select fitness equipment on the fitness floor at the Community Center. All of the equipment is typically replaced every five years, spread over three years, with the exception of our free weights which typically have a lifespan of 10 years.								
Turf Mowers	P&R	\$19,000						\$19,000
<i>Change: Increase number of mowers to 2</i> Replacement of two 72 inch Z Turn mowers and a trailer. Most of the City's mowers are utilized at least 30 hours per week from mid-April until early October necessitating a regular replacement program. The trailer is used to haul the mowers for the crew from site to site. We replace two of four mowers each year for a two year replacement cycle. With higher trade-in values and low initial purchase cost from State Contract pricing we find that the units have less Out Of Service time and less maintenance costs if replaced on a more frequent basis.								
Community Center Domestic Hot Water Tank	P&R	\$20,000						\$20,000
<i>Change: New</i> Replacement of the Domestic Hot Water Tank at the Community Center. The current unit will be at the end of its useful life.								
Police Cruisers	PD	\$132,000						\$132,000
<i>Change: Continuation of annual program</i> A portion of the police cruisers are replaced each year to ensure the reliability of these high use vehicles. Three cruisers are scheduled for replacement.								

2017-2021 Proposed Capital Improvement Program - Equipment

Equipment	Dept.	Funding							Total
		CIP Fund	Bonds	Assessment	MMVLT	License Tax	State	Other	
Year: 2021									
Mobile Data Terminals - Police	PD	\$23,000							\$23,000
<i>Change: Continuation of annual program</i>									
When the police cruisers are replaced, the mobile data terminals (computers) in the vehicles are also replaced. These mobile data terminals are important as they provide connection to critical information for officers when they are in the field.									
Small Equipment Replacement	S&E	\$10,000							\$10,000
<i>Change: Continuation of annual program</i>									
Funding for small equipment replacement as necessary. Typical equipment includes chain saws, weed wackers and other power tools.									
Street Sweeper (#460) (lease payment)	S&E	\$46,000							\$46,000
<i>Change: Changed to five year lease</i>									
Replacement of 2005 Unit #0460 used for street cleaning. The sweeper is in the shop frequently for major repairs and is the only one we have. This item will be acquired through a five-year lease.									
Loader (#0457) (lease payment)	S&E	\$40,000							\$40,000
<i>Change: Changed to five year lease</i>									
Replacement of a 2007 CAT high lift loader. Utilized for leaf loading of semi trucks in leaf season, construction use and salt loading of trucks. This item will be acquired through a five-year lease.									
Leaf Vacuum (#0468)	S&E	\$45,000							\$45,000
<i>Change: New</i>									
Replacement of a 2008 Dinkmar Mule This unit is used very heavily during leaf season.									
1/2 Ton Pickup (#4034)	S&E	\$31,000							\$31,000
<i>Change: New</i>									
Replacement of a 2011 Chevrolet 1500 pickup truck. This unit is used daily for the Service Department.									
1/2 Ton Pickup (#4035)	S&E	\$31,000							\$31,000
<i>Change: New</i>									
Replacement of a 2011 Chevrolet 1500 pickup truck. This unit is used daily for the Service Department.
